

STR's role in internal security – Finnish example

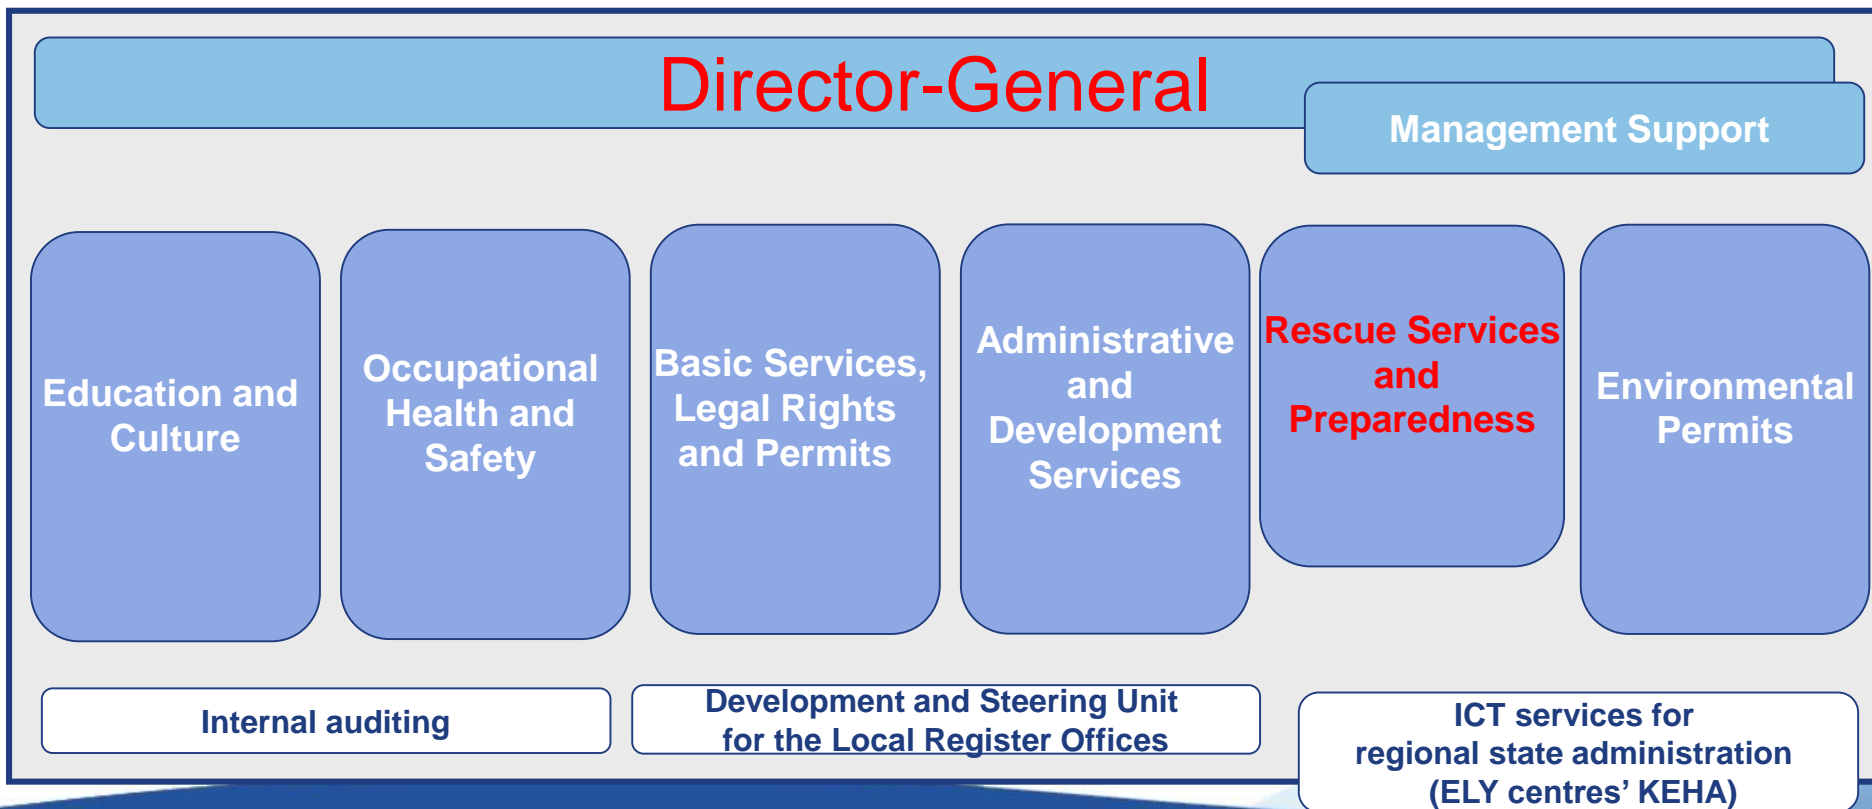

Mission of the Regional State Administrative Agency:

The agency ensures regional equality by promoting legal rights, well-being and safety in cooperation with other actors.

STRs

- ...“coordinate preparedness activities in the regions and arrange related cooperation, coordinate contingency planning, organise regional national defence courses, support the municipalities’ contingency planning, arrange preparedness exercises, and promote security planning in regional and local administration;”
- “support the competent authorities and, when necessary, coordinate their activities when they are managing security situations in the region.”
